Photographic Tiles

Photographs remain one of the best ways to capture our families most cherished memories. We offer several options to personalize memorials with a permanently affixed photograph.

Ceramic Photo Tiles

The image reproduction of this medium is unsurpassed in quality. Like printing on white glossy paper, the brilliant colors and sharp details from your cherished photographs are captured forever. The tile is permanently set in the granite to display the tribute of your loved one.

These custom photo tiles are offered in full color, black & white, and sepia. Available in a range of sizes and shapes, choose a size that compliments the overall design of the memorial.
